

Nanometrology Research Foresight Workshop

Purpose: To review the results of Nanostrand's survey of the European nanotechnology community and the preceding Standardisation Foresight Workshop to establish a consensus on the priorities for development of new or improved nanometrology tools and techniques.

Venue: Laboratoire National de Métrologie et d'Essais (LNE), Paris

Date: 10th October 2007

Agenda

10.00	Coffee	
10.30	Introduction to Nanostrand	Jean Marc Aublant, LNE
10.50	Review of Nanometrology Tools & Techniques	Kamal Hossain, NPL
11.15	Conclusions of Standardisation Workshop	Jean Marc Aublant, LNE
11.30	Industry Survey – Key Results	Iain Weir, Optimat
12.00	Lunch	
13.00	Discussion Groups – Discuss, validate and add value to key survey results	
14.30	Coffee	
14.50	Conclusions	
	- Key points and workshop conclusions	
15.30	Workshop Close
